### Education

#### BSC (HONS) IN IT

Sri Lanka Institute of  
Information Technology  
(SLIIT)  
2017-2021

#### DIPLOMA IN IT (DIIT)

ESOFT Metro Campus  
2014

### Skills

IOS	<div></div>
Android	<div></div>
Flutter	<div></div>
Swift	<div></div>
Kotlin	<div></div>
Dart	<div></div>

### Work Experience

#### Senior Software Engineer

Zone24x7

2024 - Present

Enhanced the Circles.Life iOS app by integrating Swift and SwiftUI, improving performance and usability. Implemented key features. Contributed to a user-friendly interface and seamless functionality, boosting customer satisfaction and retention.  
Technologies - IOS, Swift, UIKit, SwiftUI

#### Senior Software Engineer

Dialog Doc990

2022 - 2024

Successfully revamped a legacy UIKit storyboard app by integrating Swift and SwiftUI, significantly enhancing performance and usability. Collaborated across teams to develop new features, boosting customer satisfaction in the updated Doc990 app.  
Technologies - Android, IOS, Kotlin, Swift, UIKit, SwiftUI

#### Software Engineer

Arkhe Ventures - Southbank, Australia

2021 - 2022

Designed and developed the BrewClub NFC loyalty card app for coffee shops in Melbourne, Australia, streamlining customer rewards and engagement. Enhanced user experience by implementing NFC technology for seamless loyalty tracking.  
Technologies - Swift, SwiftUI, NFC

### Extra Skills

- SQL implementing Database
- Interacting with Operating System
- Communication with Hardware
- Battery Management
- Memory Management
- Supporting Different Hardware
- Offline Mode
- App Store Deployment

# Awards

## ICAC

**Technologies - Python, Machine Learning, Artificial Intelligence, Android Studio, Kotlin, Java, Firebase, Sqlite, Andoird SDK.**

**2021**

Accomplished the Best AI and ML Mobile App award at university for my final year project, SIFAA. Leveraged reinforcement learning algorithms to create an innovative mobile application. Developed with Android Studio, Firebase, and programming languages Java, Kotlin, and Python. Demonstrated expertise in integrating advanced AI and ML techniques into a user-friendly mobile app. Recognized for exceptional problem-solving skills, creativity, and proficiency in multiple programming languages. Proven ability to deliver cutting-edge solutions that push the boundaries of mobile technology.

## Extra

- Junior prefect in St.Sylvester's College Kandy (2011-2012)
- Senior prefect in St.Sylvester's College Kandy (2015-2016)
- Vocal Visharadha graduated from "bhatkhande music university - India"
- All island music competitions winner (2010 - 2015)
